**Moments of
Wellbeing**

Indoor & outdoor saunas

Creating moments of wellbeing

We come from the deep forests and harsh climate of the North, the birthplace of the sauna, where it has been treasured as a ritual for achieving mental and physical balance for thousands of years. We are convinced that this ancient legacy works equally well today, creating the moments of wellbeing necessary for people to live a fulfilled life.

Making saunas is our passion

Auroom has been making saunas for more than 20 years. We have a lifelong passion for timber and produce clean, pure, modern designs that are perfected down to the last detail. Our saunas are tailored to meet every need and refined by our craftsmanship. Our whole team of experts is dedicated to creating the most harmonious sauna experience possible. All our saunas are handcrafted, integrating years of experience and cutting-edge technology. We tackle every sauna project individually in order to provide the best possible solution for our clients. That is why we are able to offer wellness solutions for even the most demanding requirements, be they special home sauna projects or entire sauna complexes for spa hotels.

Saunas that are made to last

Every piece of timber we use in our saunas, however small a part it will play, is carefully selected from the high-quality materials at our disposal. In this way, we ensure the longevity of our products and avoid problems arising in the course of their use. We build with a wide range of timbers - if you place a special order, your imagination is only the limit.

Taking responsibility

We use only timber that has been responsibly sourced. We obtain timber from our parent company Thermory - the world's leading producer of thermally modified timber and sauna materials. This allows us to make our products available all over the world and ensures that the quality of our raw materials is consistent even in larger orders. Our saunas meet all global environmental standards and are certified accordingly.

Indoor & outdoor saunas

Sauna was once mainly for people in the North, but using modern technologies we have made this revitalising experience available for people all over the world.

The Designer Collection consists of Auroom's flagship products, which are designed with demanding customers in mind who are not willing to compromise on any aspect. The Essential Collection consists of saunas that, thanks to their minimalist lines and exceptional functionality, fit into the household of any sauna lover.

True relaxation in your home

Have you dreamed about making your home a place of true relaxation? A place where you can leave all your worries and stress behind and recharge yourself. An indoor sauna is the perfect choice for that.

You can have your own sanctuary in your living room or just a few steps from your bed. If you are a social animal, then a sauna in your home is a perfect excuse to invite friends or family over and catch up in a relaxing atmosphere.

Auroom indoor saunas are made to fit in your home. Because of technological advances, saunas are no longer confined to specific locations in the countryside or forest. It is increasingly common that even in small city apartments a sauna is a natural part of the layout.

An oasis in your garden

Close your eyes and imagine that you have a sauna in your garden. After basking in the heat, you jump in a cold shower or natural pond in the garden to cool down, or in winter, dive into cold powdered snow. But why just dream?

An Auroom outdoor sauna is a wonderful everyday luxury that will make your outdoor living experience even more enjoyable by broadening your options for socialising and activities.

While enjoying sauna solo is always a welcome experience, the outdoor sauna is best enjoyed as a group activity. Your sauna will provide the perfect excuse to spend time with friends, get to know your colleagues or invite your family around for a catch-up. Outdoor saunas make a complete event - you can combine a barbeque dinner with a refreshing sauna experience.

THE CRÈME DE LA CRÈME OF SAUNAS

Designer Collection

In creating our designer saunas, our focus is on the people we are crafting them for and their wellbeing. Every detail provides both functional and aesthetic value and serves the same goal: to boost people's physical and mental wellbeing through sauna experiences that bring balance to mind, body and soul. The Auroom Designer Collection of saunas are the best in our range. The wide selection of styles, loved by satisfied customers all over the world, are created working closely with designers who have years of experience.

All designer saunas are customisable to meet every need and vision. Starting with the panelling, wood type and glass of your choice.

The choices don't end with the material. There is also a wide selection of high-quality equipment - from speakers to control units.

Lumina

Brighten and revitalise

Lumina's sophisticated design is combined with simplicity and practicality. Its unique bi-colour walls and exquisite interior design immerses you in a luxurious, yet cosy and harmonious atmosphere.

Lumina has all the necessary features to give you a full regenerating experience. All components harmonise: the door, the lamp, the towel holder. The lighting is smooth and unified and creates a sensation of tranquillity inside the sauna.

Lumina is created in cooperation with the talented Italian architect Luca Donazzolo.

Key features

Lamp

A special lamp has been designed for Lumina, almost invisible, like the door. Two different sizes of lamps can be ordered, 50 or 80 cm long.

Towel holder

Optional practical towel holders are available, designed and sized to suit the lamps.

Bench

Lumina's benches are available in three different lengths - 57, 83 and 108 cm - depending on the needs and wishes of the sauna-owner.

External panelling

External panelling is available for the side and back walls.

Lighting effect

It's possible to add an extra optical fibre between the front boards of the upper bench.

Heater stone

This luxurious dark grey stone panel creates a unique atmosphere, a stylish setting from the heater up to the ceiling.

Floor

The floor is expressly designed to match the overall style. Its grids are solid and durable and come with rubber strips, which prevent the floor from being slippery and the wood from being in direct contact with humidity.

Vulcana

Unwind in style

Vulcana is a sauna that combines a stylish, modern design with the finest craftsmanship and superior materials. The deep golden colour and smooth surfaces of the thermo-aspen walls are elegantly offset by dark embossed *Ignite* cladding to create a uniquely tasteful and striking synergy. The stunning *Ignite* cladding in alder is used sparingly on the feature walls to accentuate the thermo-aspen's true splendour.

The allure of Vulcana's exquisite design is not only visual; ease of use and wellness are also built in, with the app-controlled heater saving effort, the angled backrest adding comfort and the large glass frontage creating an invitingly bright and open space.

Key features

Modern, sleek design

The perfect indoor sauna for the modern home, Vulcana combines high-quality materials with stylish aesthetics for a contemporary wellness experience.

Terra

An adaptable wellness haven

Terra is a flexible modular outdoor sauna that allows you to design your own unique wellness space. The three modules can be used individually or combined, with an optional changing area and versatile relaxation space in addition to the sauna itself. Terra's two design options - the lighter wood shades of the Natural package and the eye-catching colour contrast of the Modern package - also offer a selection of exquisite styles.

With its elegantly sloping roof, Terra's innovative and inviting design creates a dramatic allure from the outside and a luxurious sense of space within - without losing cosiness or privacy.

TERRA SMALL AND TERRA LOUNGE MODELS COMBINED

Terra modules

TERRA SMALL

The smallest and simplest module, with a cosy space that can be used as a standalone sauna or linked to another module.

TERRA MEDIUM

A larger sauna module for those who need that little bit of extra space. In addition to the sauna, it also contains a changing area.

TERRA LOUNGE

A large, luxurious relaxation area that can be adapted to suit your requirements, from an office, studio or rehearsal room to a home cinema or guest bedroom - or simply as a place to relax between steams.

The beauty of choice

To build Auroom saunas, we use both thermally modified and natural timber. You can thermo-treat, brush or paint your sauna.

Our thermo-treatment offers great visual effects: the charming brownish colour can be lighter or darker, depending on the wood type and heating procedure.

The use of painted wood creates another range of options. There are a lot of beautiful tones, so let your imagination take flight.

Our saunas meet your needs

Auroom saunas can also be adjusted for non-standard circumstances thanks to our highly skilled design and development team, who can quickly rework existing models or devise completely new solutions. So if you have a family member with special needs or a project that requires unique solutions, don't hesitate to contact us. We will always find the best and most comfortable solution.

Boost your health with infrared

Unlike traditional infrared saunas don't heat the air around you. Rather, they use infrared lamps to directly warm your body's core temperature. Infrared sauna lovers say that the heat penetrates deeper than the warmed air from conventional saunas. This allows them to experience a more intense sweat at a lower temperature.

If you don't want to give up your regular sauna we offer the best of both worlds. A dual sauna is the perfect combination of the traditional sauna and the new-generation infrared sauna. If you are interested, then contact us and let's see what we can offer you.

YOUR IMAGINATION IS THE ONLY LIMIT

Tailor-made

At Auroom we are able to offer exquisite tailor-made options, be it a sauna for private or public purposes. We can build a sauna anywhere you wish – even on your private yacht or plane.

Using the latest technologies, our capable designers, technicians and craftsmen are happy to master even the most sophisticated projects. Tailor-made saunas and unique solutions are our strengths.

We are here to listen to your needs and wishes. Contact us and tell us your vision. We will help you make it a reality.

Walls

Our state-of-the-art manufacturing capabilities and design skills enable us to create unique solutions from curved walls to very complex angled elements.

Ceiling

Auroom has the ability to make single and double-sloped, straight and curved ceilings. We use various lighting solutions and, if necessary, make special cornices according to your wishes.

Bench

At Auroom we can build both multi-level and thin, wavy benches. We make ergonomic benches as well as benches joined at interesting angles.

Glass

You can choose between different shades of glass. We usually use insulated glass. In outdoor saunas we also use package glass. We work with glass manufacturers who make both "smart glass" and curved glass. Auroom also offers laminated glass, on which it is possible to adjust transmittance.

Lighting

Auroom offers the possibility to use a variety of monochrome and RGB lighting solutions. Different control options can also be used.

Our resellers are global

Auroom has a wide network of resellers across the globe. Thanks to Thermory as the world's leading producer of thermally modified timber and sauna materials, our saunas are loved all over the world. We are always willing to add new resellers to help our products spread even further.

Our clients come first

At Auroom, our clients always come first. We look after our sauna users and do everything we can to ensure that the quality of our products is uncompromising. To this end, we are always open to feedback from our clients and respond to all questions and concerns quickly.

The flexible and well-organised way we go about production enables us to offer the quickest delivery times in the industry.

All Auroom deliveries are insured and protected against accidents. In larger markets we are represented by approved local resellers who can help at every stage.
